Support and consulting on the structure and content design of study documents

Study protocols, investigator brochures, informed consents

Interim and **final reports**

Synopses in layman's terms

Clinical overviews and summaries in CTD format

AMNOG dossiers

Safety writing (PSUR, PBRER, RMP)

Posters, abstracts, publications

What we offer

- Medical writing since 1996
- A highly qualified and experienced team
- Precise, comprehensible and well-structured documents
- Independent work in close coordination with the client
- Strict adherence to timelines
  − we know this is essential
- Medical expertise in the medical writing team
- Review and quality control of our and your documents
- Willingness to take on new challenges

Our background

- >400 study reports
- >200 study protocols
- >50 abstracts and posters
- >30 RMPs, PSURs/PBRERs, DSURs
- >20 clinical overviews and summaries
- >20 publication manuscripts
- and so much more …

In addition to medical expertise and many years of experience, we offer you the advantages of a medium-sized full-service CRO:

Short coordination paths, for example if biometric or regulatory issues are to be discussed.

You can count on us – just like various clients from the areas of pharma and medical devices already do!

“High professional competence, top quality and pleasant communication.”

We look forward to your requests!
